

PEVEY

MESSENGER[®]
PORTABLE PA SYSTEM

Pro audio for

Every enterprise needs the security of a dependable, confident communicator. Major travel and commerce hubs such as London Heathrow Airport place their confidence—and the security of millions—in Peavey professional audio and communication systems.

Now you can harness Peavey audio technology for your own communications, and even stow it in your overhead compartment. The agile new Peavey Messenger portable sound system is the essential traveling companion for business or pleasure.

The Messenger defies its compact size—at 24" wide and a mere 25 lbs., it's easier to maneuver than your average briefcase—projecting the power to easily captivate a conference room. Travelers will rejoice

MESSENGER[®]
PORTABLE PA SYSTEM

Powerful & Light

your carry-on

at its featherweight portability and completely self-contained design, and this convenient P.A. companion also sets up in seconds and includes ample storage space to secure your microphone and accessories.

Best of all, from shareholder and staff meetings to press conferences and after-hours entertaining, the Messenger is every bit as flexible as it is portable. And with patented Peavey audio technologies built in, you can make full use of its 100 watts and stunningly clear sound with the confidence of Peavey's 40-plus years of innovation behind you.

It's no secret why more than 3,000 airports, convention centers, stadiums and theme parks worldwide rely on Peavey audio systems. Our sleek, understated Peavey Messenger is the next great communicator.

An exceptional

No podium? No problem. The Messenger's durable, protective top doubles as a lectern to keep speech notes or sales figures out of public view while you deliver a dynamic multimedia presentation. And with such high-quality audio, even listeners in the back will hear your message with brilliant clarity.

All Business

multi-tasker

A man with short brown hair and a slight smile is speaking into a black Peavey microphone. He is wearing a black t-shirt. The background is a solid orange color.

Peavey offers real

Nothing keeps a room packed like a clear communicator, and the Messenger delivers. Speakers specially tuned for reproducing the human voice ensure that your audience will hear you clearly, even over the clamoring questions of a press conference. And Peavey's patented FLS[®] (*Feedback Locating System*) takes the heat out of the spotlight by keeping the unruly squeal of feedback firmly at bay.

Public Relations

-world solutions

A large photograph of a woman with long dark hair, wearing a white and purple striped shirt, singing enthusiastically into a black microphone. Her right arm is raised high in the air. The background is a blurred indoor setting with purple and blue lighting.

The life of the

After the day's work is done, loosen your collar and bring the party to life with the Messenger. Connect a CD or MP3 player to the stereo channel and have a karaoke party using the Split-Track Mix™ feature, or plug in a guitar and keyboard for a rousing live performance. You can even combine music with a wireless headset mic to lead an aerobics class—the possibilities are truly limitless with the Peavey Messenger.
