

Slim and Lightweight SVGA Projector

2100 ANSI lumen, 1.9kg

The VPL-CS21 has a footprint smaller than most notebook computers, a height of just 52mm and weighs just under 2kg. Groundbreaking size is combined with an attractive Sony design, including an aluminium finish and rounded shape, to make it extremely mobile and easy to carry in your hand.

Incorporating 3LCD Technology for optimum picture quality, images are bright, natural and gentle on the eye. This projector is extremely easy to use thanks to features such as Auto Focus and Off & Go. The short focus lens makes it ideal for use in any size room. Complete with a compact credit-card style remote commander, the VPL-CS21 is both suitable for use on the move and installation.

Key Features

52mm

Slim and Compact

This product sheet is the actual size of the projector footprint. A height of just 52mm means that the projector is easy to carry in your hand or bag.

The Magic of Sony 3LCD Technology

- Brighter Picture
- Higher Detail
- Natural Colour

Advanced Intelligent Auto Set-up with Auto Focus Adjustment.

Press the 'on' button and the projector will complete the following steps automatically, ensuring ease of operation:

- Projector tilts to previously used angle
- Auto keystone correction is completed
- Built in Auto Focus module corrects focus
- Auto input search occurs

Now it is ready to start your presentation

Additional Features

Off & Go Function

The fan continues to cool the projector after the power supply is removed, enabling users to unplug the projector immediately after use, without damaging the lamp. (Other projectors need to be cooled and remain connected to the power supply after use.)

Password Protection

When this function is activated a password is required to use the projector. (If the password is lost, Sony is able to retrieve it.)

Control Panel Lock

This function locks the controls on the top and side of the projector, to prevent unauthorised or unintentional use of the controls. Functionality can be switched 'on' or 'off'.

Accepts HD Content

720p and 1080i source material can be displayed.

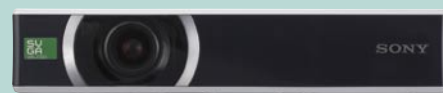

6 Picture Modes

Game, Living, Cinema, Dynamic, Standard and Presentation modes enable quick, easy picture adjustment for use in different environments.

PrimeSupport

All Sony business projectors come supplied with a 3-year support pack which offers unique extra services and benefits.

- 3-year cover
- Free multilingual telephone helpdesk to resolve any technical issues
- Choice of either a next day replacement unit, or repair of customer's own unit
- Collection and delivery anywhere in the EU, Norway and Switzerland
- Included with all sales in the EU, Norway and Switzerland

Inputs

RM-PJ5 Credit Card size Remote Commander

- Lead free solder is used for soldering.
- Halogenated flame retardants are not used in cabinets and in printed wiring boards.
- Corrugated cardboard is used for the packaging cushions.
- Standby power consumption: 0.8W
